

Blundstone®

TASMANIA AUSTRALIA 1870

2024-2025 COLLECTION

V1  LOOK BOOK

Our History

For over 150 years we've been a company always on the go, always evolving. It's been that way since John Blundstone started making fit-for-purpose footwear that would withstand the cobbled city streets, rugged farmland, dance and factory floors of Hobart, Tasmania, in 1870.

Over the years, our business has evolved just like our island home, but our ethos remains the same. Our commitment to quality and innovation has endured the Great Depression, both world wars, and an ever-changing fashion landscape - from the swinging '60s to '90s grunge to festival fashion in the 2000s.

We've put our boots on Aussie soldiers, Everest expeditioners, footballers, factory workers, farmers and police men and women. We've inspired artists, musicians, chefs, tap dancers, and Olympic athletes to put their best foot forward. Our range of kids' boots has inspired a new generation of Blundstone wearers to jump puddles on rainy afternoons.

Led by design

Since 1870, Blundstone has been making tough, quality boots that are equally suited to work or play.

Decades of innovative design and production mean Blundstone now oversees a global supply chain, bringing together the best ideas, materials and designs to create a wide range of products for everywhere life takes you.

Our ongoing research and development means we're always improving comfort, protection, performance and aesthetics.

QUALITY

When we started making boots in the 1800s, we were dedicated to crafting a quality product. That's still our commitment to you today. Our company is quality endorsed to ISO 9001:2015, and every part of the production process helps ensure that when you put on a pair of Blundstones, you're wearing some of the best boots in the world.

MANUFACTURING

We manufacture our leather footwear in Vietnam, India, Thailand, Mexico and China. These factories are premium-quality operations that are environmentally and socially responsible. The jobs in these factories are highly sought after, and we engage our personnel to ensure the standard of manufacturing is consistent with our stringent quality requirements. Our gumboots are manufactured at our headquarters in Tasmania.

ENVIRONMENT

We're committed to sustainable purchasing and manufacturing policies, each evaluated with environmental considerations in mind. We maximise our use of recycled and recyclable materials in our manufacture and packaging.

COMFORT

Blundstone is a pioneer in enhancing comfort and safety. In 1999, we developed the patented Shock Protection System (SPS) which reduces fatigue and orthopaedic problems in the lower back, legs and feet. Since then, we've taken it to the next level with the SPS MAX comfort system, which includes XRD® Extreme Impact Protection — a lightweight, thin and breathable cushioning material that's specially engineered to provide a greater level of underfoot comfort.

ANCILLARIES

A full-page background image showing the lower legs and feet of a person. They are wearing dark blue denim jeans with the hems rolled up, revealing a light grey interior. They are also wearing brown suede boots with black laces and thick black soles. The person is standing on a light grey paved surface, and the background is a blurred, light-colored wall.

ORIGINALS

Our Original Series boots are suited to everyone – whether it's for work, play or looking good.

For 24/25 we've introduced new materials into the much loved Originals Series. Waxed suede and brush off leathers are featured in a range of transeasonal colourways like olive and clay.

CLASSICS

Our Classic Series boots are built for thrill seekers, explorers, and those who appreciate the beauty that comes from wandering off the beaten track.

For 24/25 we've introduced new nature inspired colourways with a forest green and an earthy clay offering.

This seasons Classics also feature waxed suede and nubuck upper materials as well as a brush off leather that gives a unique worn in vintage appearance.

LIFESTYLE **CLASSICS**#**2440**

VINTAGE BROWN

NEW

This genuine "brush off" leather is to reflect a Vintage/Pre-worn look showcasing the undercoat colour. Overtime the top layer may show flex and scuff marks revealing more of the undercoat colour.

This material requires damp cloth for cleaning only. Polish & creams will remove the top coating.

A timeless blend of classic style and modern comfort—the #2440 is designed with character.

- Premium water-resistant leather
- Leather and synthetic lining
- Contoured EVA footbed with XRD® Technology for maximum comfort
- TPU Classic *550 outsole with XRD heel insert

THERMAL

While all our boots are sturdy and comfortable, our Thermal Series takes it to the next level.

Built with waterproof leather and elastic, and plenty of cutting-edge technology, they keep the warmth in, and the moisture and cold out.

They're built for those who use their boots for hard work in all weather conditions – but also want to look good while they're doing it.

LIFESTYLE **THERMAL**#**566****BLACK**

Toasty and tough, winter is no match for the #566. These thermal boots will keep your feet warm through the cold season with their sturdy design.

- Premium waterproof leather
- Waterproof elastic with latex seams
- Thinsulate® and leather lining - traps body heat while allowing moisture to escape
- Contoured EVA footed with XRD® Technology and sheepswool lining for maximum warmth and comfort
- XRD® in the heel for supreme shock absorption
- Steel shank

DRESS

Blundstone are renowned for hard work, durability and adventure, our Dress boots prove we also know a few things about style.

Taking you from the office to dinner, these polished boots are easy to dress up or down. They're ideal for those who want a more refined take on Blundstone's trademark utilitarian design.

For Season 24/25, we've introduced a black suede offering along with a rich brown fullgrain leather product.

LIFESTYLE **DRESS**#**1901****BLACK**

The #1901 features a premium quality black leather upper and tailored toe shape, providing the Blundstone-lover with a sophisticated dress boot option.

- Premium water-resistant leather
- Leather and synthetic lining
- Contoured EVA footbed with XRD® Technology for maximum comfort
- Lightweight and abrasion-resistant polyurethane mid and outsole
- Steel shank

A full-page photograph of a woman with long dark hair, wearing a denim jacket over a patterned top and dark jeans, playing a bright pink electric guitar. She is standing on a patterned rug in a room with wood-paneled walls. A vintage microphone is positioned in front of her, and a large black amplifier is visible to her right. The lighting is warm and focused on the subject.

WOMEN'S SERIES

Our Women's Series updates the classic Blundstone look with a sleek design and contoured feminine fit.

For 24/25 we've expanded on our 7.5cm women's heel range by adding aubergine and mushroom colourways as well as a nubuck offering in classic black.

HERITAGE

Blundstone's premium 'Heritage Series' brings together elements of past and present through two lace up and elastic pull-on styles for men and women.

The Heritage Series draws on the brand's boots of yesteryear. After exploring the archives, designers and historians came together to create styles based on some defining patterns and silhouettes from the past two centuries with added modern updates and design details.

Like all our boots, this Heritage Series only gets better with age.

LIFESTYLE **HERITAGE**#**155****BROWN**

Featuring a Goodyear welt sole and premium supple leather upper and lining, the #155's combine unparalleled craftsmanship with extreme comfort.
