Fall-Winter 2025 Collection

Kids

Vanessa Wu presents its Fall-Winter 2024-2025 collection for children, combining boldness, comfort and fun. Colorful boots and revisited leopard prints add a touch of character, while being perfect for little explorers. Soft, plush materials wrap feet in warmth and comfort, ideal for winter.

Revisited santiag boots and booties add a modern, assertive touch, perfect for kids who like to walk in style. As for moccasins in fleece, they offer a cocoon of softness, while maintaining an elegant and cheerful allure. Leopard print, delicately integrated into bright colors, adds a wild, playful touch to every outfit.

This season, Vanessa Wu for kids offers a colorful, dynamic collection designed to accompany little ones on their adventures, while combining comfort and elegance.
